

Michael W. Barbieri
Survey Manager / Project Designer
Yerkes Associates, Inc.

Education

Penn State University, Associates Degree in Land Surveying, 1982
Downingtown High School graduate 1980
Continuing education credits from 1988 to present.

Responsibilities and Experience

As Survey Manager of Yerkes Associates, Mr. Barbieri is responsible for the overall management of the Company's Survey Department. Duties include from responding to initial client phone calls and the preparation of the survey proposals, to the scheduling of our field crews and field work. He gathers and prepares information, for use in the field by our survey crews. He collects and converts the raw field data into usable formats - the calculations for and CAD to prepare ALTA/ACSM Land Title Surveys, Boundary and Topographic Surveys, Subdivision and Land Development plans. For construction stake out, he calculates new construction location and grading point files. Michael also performs field work, for any of the above projects, on an as needed basis.

Mr. Barbieri started his career working for Berger & Hayes, before coming to Yerkes Associates, Inc., in 1984. He accepted the position as a Rear Chainman, moved on to Instrument Man, followed by his role as Crew Chief. In 1992, he moved into the office starting as a Draftsman, then promoted to Technician, to Drafting – Design Technician, and from that point acquired the position of Project Designer.

Mr. Barbieri continues his 31 years of service with the Company, currently as our Survey Manager and Project Designer of Land Survey.
