

Yerkes Associates, Inc.

Consulting Engineers / Landscape Architects / Surveyors

May 19, 2016

Announcement

We are pleased to announce that **Kim P. Hoopes** has passed the difficult Commonwealth of Pennsylvania's **Wastewater Treatment Plant Operator's** exam and the **Treatment Ponds and Lagoons** exam. Kim's dedication and commitment, to prepare for and pass the exams, adds additional capability to Yerkes Associates already highly qualified team.

Kim P Hoopes

Adds Wastewater
Treatment Plant Operator
to Civil Site Inspection
Credentials

Kim's career at Yerkes Associates includes every facet of private and municipal client Inspections, as it pertains to civil site engineering. His career also includes serving over 20 years with Yerkes Field Survey Crews.

From storm water management systems, erosion controls, site infrastructure, such as culverts and small bridges, curbing, sidewalks, walking trails, and paving, Kim responds with professionalism and sensitivity, to specific issues that may require resolution. He also assists various Municipalities in performing Zoning Inspections.

In his spare time, Kim's outstanding professionalism and interpersonal skills are further on display, as Chairman of the West Brandywine Township's Planning Commission, and as a member of the Township's Open Space Review Board. He also enjoys spending time with his grandchildren, hiking, fishing, and gardening

Since 1874, Yerkes has a long and proud tradition of serving clients. We continuously strive to improve our company to better serve our clients. Kim's accomplishments are a testament to that end.

Please join me in congratulating Kim and feel free to contact Kim or me, if Yerkes can be of service. (email: khoopes@yerkes-assoc.com phone: **610-644-4254**).

Sincerely,

Nick Cirilli, PE
