

## Danielle Renee Stoltzfus Marketing Assistant

### **Education:**

Associate Degree in Applied Science Business Management, MCCC - 1998  
Graduate of Owen J. Roberts School District, Pottstown, PA - 1996  
Completed the following:

### **Registrations/Certifications:**

Certification in Subclass 3 – Treatment ponds and lagoons,  
(Department of Environmental Protection)  
Property Maintenance and Housing Inspector, (International Code Council)  
Pennsylvania Building Code Official, (Dept. of Labor and Industry)  
Registered Commonwealth of Pennsylvania Notary

### **Responsibilities and Experience:**

Danielle started with Yerkes in 2008, where she had demonstrated a persistence to learn, becoming a competent professional in matters related to building code, zoning and property maintenance issues.

A conscientious and dedicated professional, who never says “no”, Ms. Stoltzfus also made an impact in assisting with the company newsletters and other marketing functions.

While at Yerkes, her responsibilities included processing all incoming plans and permits for the Municipal Services Group. Danielle is a certified BCO and possesses 12+ years of experience in zoning reviews and inspections for municipalities as needed.

Ms. Stoltzfus is a certificate wastewater treatment plant operator. She operated the sewage treatment plant owned by Willistown Township (Penn’s Preserve) which is a pond/spray field plant for approximately 9 years. She generated all Electronic Data Monitoring Reports monthly and Chapter 94 report as well as the Groundwater Monitoring Report for Penn’s Preserve.

Danielle currently is employed at West Brandywine Township as the Codes Administrator and assists Yerkes as a consultant in marketing, public outreach materials & events for MS4 related requests as well as other functions.
